CAYVOL QUALITY, PERFORMANCE  
AND RELIABILITY BACKED BY ATLAS  
SALES, SERVICE AND SUPPORT

# The Perfect Solution

Following the appointment of Atlas Cranes UK as Cayvol's exclusive importer and distributor of Cayvol skiploaders, you now get the best of both worlds. The quality, performance and reliability of a market leading range backed by a nationwide sales, service and support network that is recognised and respected as one of **THE BEST IN THE BUSINESS!**

Match this with Cayvol's unrivalled range of robust, reliable skiploaders capable of handling everything from building rubble and industrial waste to scrap metal and household waste, and you have at your disposal a powerful combination of resources, experience and expertise that's geared to delivering and supporting a product for virtually any application.

## *The only truly complete range from 3T-18T lift capacity*

- *Designed using 3D modelling software incorporating FEA (finite element analysis) for extended life.*
- *Cutting edge Swedish steel with high elasticity limits and low weight giving reliability and increased payload.*
- *Controls: Side controls as standard, with options for radio remote control and in-cab pneumatic controls.*
- *MCBT – 14XXL, the perfect partner for any 18T GVW chassis, is supplied with side controls and radio remote, as standard, for increased operator safety.*
- *Low system height for exceptional handling performance and improved stability.*

- Plus -**
- *HARDOX platforms as standard on MCBT-14XXL & 18XXL resulting in over 500KG more payload than other manufacturers (optional on all other models)*
  - *Adjustable skip stops allow different sizes of skips to be carried*
  - *Independently operated rear stabilising jacks*
  - *Independent telescopic arms are standard on MCBT-14XXL and 18XXL, with various options available on all other models.*
  - *Compact rear skirt to improve maneuverability in tight areas*
  - *Heavy duty rear light guards and full width steps for easy and safe access onto the platform*
